

## The Warrior Within Release with Alfred Willowhawk

The Warrior Within Release workshop is a 90-minute introduction into the concept of the spiritual warrior. It allows everyone to begin to tap into and control their inner warrior. We utilize the concept that within everyone is an emotional, physical, logical, subconscious, and higher self that sometimes work against each other. This workshop gives some of the tools to create a consensus within to have a more harmonious, peaceful life which is the prelude to manifesting the life that they truly desire. The cost for this event is \$15 per person.

Alternatively, there is also an intensive weekend event that gives the participants the ability to tap into their inner Warrior of Spirit. It allows each individual to hear their logical, emotional, physical, and higher selves in order to learn how to build consensus for their own best decisions.

- Participants learn to face, accept, and integrate their own shadow warrior to turn it into a willing and positive participant in their lives.
- After the weekend the participants have new tools to utilize in their lives to be happier, more balanced, and stronger individuals.
- Participants receive training in using the Warrior Spirit Mandala and the Shadow Warrior Mandala to manifest their own best reality.
- Warriors of Spirit can create boundaries and limits to stop themselves from being manipulated by those who seek to use them for their own purposes.

The concept of the Warrior is in every culture. No matter what your spiritual path, there is a Warrior.

Learn to associate, and speak to your own Warrior Spirit. We will learn how to recognize the **four bodies** and their integration with the physical and mental selves to become a whole person. This is **personal and specific to YOU**. You will draw upon your personal symbols and protectors to bring this rich and beautiful heritage to life. So, **welcome to your changed life.**

The Warrior Within weekend is an intensive 13 hour program, 3 hours on Friday, 8 hours on Saturday and 2 hours on Sunday that will allow the participant to access and control the Warrior of Spirit within themselves. It is divided into several lessons that take you to the deepest part of yourself in a safe and constructive environment.

Then it shows you how to integrate each aspect of the Warrior Spirit Mandala for yourself and to learn how to build consensus in yourself for yourself and those around you.
